He and the homicide detective had been friends for almost thirty years, since Max had been a uniformed rookie on the SFPD and

Vanadium had been a young priest freshly assigned to St. Anselmo's Orphanage here in the city. Before choosing police work, Max had contemplated the priesthood, and perhaps back then he had sensed the cop-to-be in Tom Vanadium. Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty. Reflecting upon her son's clever, diligent, and uncomplaining adaptation to darkness, she wished that she had described to him the dazzling sunset under which they had made their journey home. Although her words might have been inadequate to the spectacle, he would have elaborated on them to create a picture in his mind; with his creative skills, the world that he'd lost with his sight might be remade in equal splendor in his imagination. Magusson was a small man behind a huge desk. His head appeared too large for his body, but his ears seemed no bigger than a pair of silver dollars. Large protuberant eyes, bulging with shrewdness and feverish with ambition, marked him as one who'd be hungry a minute after standing up from a daylong feast. A button nose too severely turned up at the tip, an upper lip long enough to rival that of an orangutan, and a mean slash of a mouth completed a portrait sure to repel any woman with eyesight; but if you wanted an attorney who was angry at the world for having been cursed with ugliness and who could convert that anger into the energy and ruthlessness of a pit bull in the courtroom, even while using his unfortunate looks to gain the jurors' sympathy, then Simon Magusson was the counselor for you. After arranging to have the gallery deliver his acquisition, Junior stopped in a nearby diner for lunch. The place specialized in superb heartland food: meat loaf, fried chicken, macaroni and cheese. Nothing in his reading offered a satisfactory explanation for what had been happening to him. None of the women filled the hole in his heart, and all of the Bartholomews were harmless. Only the needlepoint offered any satisfaction, but though Junior was proud of his craftsmanship, he knew that a grown man couldn't find fulfillment in stitchery alone. "though this Tom now has a rhinoceros-smacked face, this other Tom, in his own world, has an ordinary face. Poor him, so ordinary." Junior and Naomi had taken their dried apricots from the same bag. Reached in the bag without looking. Shook them out into the palms of their hands. She could not have controlled which pieces of fruit he received and which she ate. Tom was aware that something had happened here during the past week, an important development that Celestina mentioned on the phone but that she declined to discuss. He didn't harbor any expectations of what he'd find when she escorted him and Wally into the Lampion dining room, but if he'd tried to imagine the scene awaiting him, he wouldn't have pictured a scene. Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain. Not that he failed to perform well. As always, he was a bull, a stallion, an insatiable satyr. None of his lovers complained; none had the energy for complaint when he'd finished with them. Packed full of aftermath, the movie was too violent for Junior's taste. He had wanted to meet at a showing of Doctor Dolittle or The Graduate. But Google, as paranoid as a lab rat after half a lifetime of electroshock experiments, insisted on choosing the theater. There were effective actions and ineffective actions, socially acceptable and unacceptable behavior, wise and stupid decisions that could be made. But if you wanted to achieve maximum self-realization, you had to understand that any choice you made in life was entirely value neutral. Morality was a primitive concept, useful in earlier stages of societal evolution, perhaps, but without relevance in the modern age. The boy never mentioned what he'd done, and his mother ceased worrying about him falling out of bed. Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided all loyalties. No commonwealth was left and no justice, only the will of the wealthy. Men of noble houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord, claiming lands and cities as his property. The warlords made those they conquered slaves, and those they hired were in truth slaves, having only their masters to safeguard them from rival warlords seizing the lands, and sea-pirates raiding the ports, and bands and hordes of lawless, miserable men dispossessed of their living, driven by hunger to raid and rob. When the long table was laden and the wine poured, when everyone but Mary settled into chairs, Angel said, "My daughter tells me she wants to make a short presentation before I say grace. I don't know what it is, but she assures me it doesn't involve singing, dancing, or reading any of her poetry." I. Not all of the pins were knocked to the shear line with a single pull of the trigger. Three pulls were the minimum required, sometimes as many as six, depending on the lock. The expectation with which Tom had been greeted on his arrival was as thin as the air at Himalayan heights compared to the rich stew of anticipation now aboil. Lifting his martini, theatrically gesturing to the tablecloth where the glass had stood, as though the lack of coins proved that he, too, had sorcerous power, Nolly said, "Another round of this magical concoction?" Because the tower stood on a ridgeline that marked the divide between county and state property, most of the attending constabulary were county deputies, but two state troopers were present, as well. So the practice of their lore and the teaching of it had become perilous. Those who undertook it were often those already outcast, crippled, deranged, without family, old-women and men who had little to lose. The wise man and wise woman, trusted and held in reverence, gave way to the stock figures of the shuffling, impotent village sorcerer with his trickeries, the hag-witch with her potions used in aid of lust, jealousy, and malice. And a child's gift for magic became a thing to dread and hide. Over many proud generations and at least to the extent of second cousins, no one on either side of Celestina's family had skin of this light color. They were without exception medium to dark mahogany, many shades darker than this infant. He might have felt properly foolish if he had not suffered so much personal experience of Enoch Cain. This was a false alarm, but considering the nature of the enemy, it wasn't a bad idea to put himself through a drill from time to time. "Doesn't look so spooky to me." She turned the knave of spades so the baby could see it. "Does he scare you, Barty?" Judging by the sounds Vanadium made, Junior figured that the cop had settled once more into the armchair. When she didn't at once accept his generosity, he said, "All my life, I've lived just to get through the day. First survival. Then achievement, acquisition. Houses, investments, antiques ... There's nothing wrong with any of that. But it didn't fill the emptiness. Maybe one day I'll return to medicine. But that's a hectic existence, and right now I want peace, calm, time to reflect. Whatever I do from here on . . . I want my life to have a degree of purpose it's never had before. Can you understand that?" With a sigh, Obadiah differed: "Not clever. Crude. Before my hands became these great-knuckled lumps, I could have dazzled you." THIS IS THE FIRST PAGE of the Book of the Dark, written some six hundred years ago in Berila, on Enlad. ON THE FOLLOWING Tuesday afternoon in Bright Beach, across a sky as black as a witch's cauldron, seagulls flew out of an evil brew toward their safe roosts, and on the land below, humid shadows of the Caesar Zedd teaches that every experience in our lives, unto the smallest moment and simplest act, is preserved in memory, including every witless conversation we've ever endured with the worst dullards we've met. For this reason, he wrote a book about why we must

never suffer bores and fools and about how we can be rid of them, offering hundreds of strategies for scouring them from our lives, including homicide, which he claims to favor, though only tongue-in-cheek..Agnes's suspicion that Barty would be a child prodigy had grown from seed to full fruit on the morning of the boy's first birthday, when he'd sat in his highchair, counting green-grape-and-apple pies. Through the following two years, ample proof of high intelligence and wondrous talents ripened Agnes's suspicion into conviction..same," Agnes admonished. "Who's been raising you, sugarpie, if you don't know that? Are you going to pretend you've been brought up by wolves for nine years?".They were driven to St. Mary's by Detective Bellini in a police sedan. Tom Vanadium-a friend of her father's whom she had met a few times in Spruce Hills, but whom she didn't know well--literally rode shotgun, tensed to react, wary of the occupants of other vehicles on.Greed. So easy, taking money from the rubes. Soon, instead of peeling off a little from each game, he sought bigger kills..A lamp with a fringed silk shade spread small feathery wings of golden light over one corner of the living room. On the coffee table were three decorative blown-glass oil lamps, ashimmer..Vanadium, lending an aura of normalcy to the house. Now he wanted silence, so he would immediately hear another car in the driveway if one arrived.. "Angel," Phimie said thickly, searching her sister's eyes for a sign of understanding..As one, those around the table raised their eyes to the ceiling and smiled at the sound of the downpour. Barty, with patches over his empty sockets, also looked up with a smile..Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream..She was lost in his eyes: She wanted to pass through his eyes as Alice had passed through the looking glass, follow the beautiful radiance that was fading now, go with him through the door that had been opened for him and accompany him out of this rain-swept day into grace..The singular beauty of San Francisco and the exquisite patina of its colorful history spoke to her heart and kindled in her such an unreasonable passion that she sometimes wondered, at least half seriously, if she had spent other lives here. Often, streets were wondrously familiar to her the first time that she set foot on them. Certain great houses, dating from the late 1800s and early 1900s, inspired her to imagine elegant parties thrown.Now, here, all three on the street and vulnerable at once-the man, Celestina, the bastard boy..Symptoms of food poisoning usually appear within two hours of dining. The hideous intestinal spasms had rocked him at least six hours after he'd eaten. Besides, if the culprit were food poisoning, he would have vomited; but he hadn't felt any urge to spew..With a shiver, Kathleen said, "We'd like to know more about why we did the things we did for you. Why the quarters? Why the song?". "You could also dream of bananas," Celestina suggested as she turned down the bedclothes..Jacob grunted, but probably not because he'd heard what had been said about him, more likely because he'd just turned the page to find a photo of dead cattle piled up like driftwood against the American Legion Hall in some flood-ravaged town in Arkansas.. "Oh, it certainly is! It certainly is enough! But ... I don't regret much, you know. But I do regret not being here to see why you and Angel have been brought together. I know it'll be something lovely, Barty. Something so fine."..He lived high, on Russian Hill, in a limestone-clad building with carved Victorian detail. His one-bedroom unit included a roomy kitchen with breakfast nook and a spacious living room with windows looking down on twisty Lombard Street..Music played within. An up-tempo number. Possibly swing. He couldn't quite identify the tune..Continuing to avert his eyes from the battered face and the two tone eyelids, Junior found the keys in an exterior pocket of the sports jacket. The credentials were tucked in an interior pocket: a single-fold leather holder containing the shiny badge and a photo ID..The lid of the cooler wasn't on as tight as it ought to have been. From around one edge slipped a thin and sinuous stream of smoke. Something on fire.. "Yeah," he confirmed, applying a blue crayon to a grinning bunny that was dancing with a squirrel.. "Your mother's wise," Paul said. "More than all the owls in the world," the boy agreed.. "Thanks, Sparky, but not tonight. I'm thinking of taking a look around downstairs if old Nine Toes isn't stuck at home tonight with a case of paralytic bladder.".. "I didn't know her well. She didn't hang out or party much--especially after the baby."..From his motel room, he telephoned Hanna Rey in Bright Beach. She still looked after his house on a part-time basis, paid the bills from a special account while he traveled, and kept him informed about events in his hometown. From Hanna, he learned that Barty Lampion's eyes had been lost to cancer..Uncle Jacob, cook and baby-sitter and connoisseur of watery death, cleaned off the table and washed the dishes while Barty patiently endured a rambling postbreakfast conversation with Pixie Lee and with Miss Velveeta Cheese, whose name wasn't an honorary tide earned by winning a beauty contest sponsored by Kraft Foods, as he had first thought, but who, according to Angel, was the "good" sister to the rotten lying cheese man in the television commercials..By now, Junior realized that he had been locked in a meditative trance for at least eighteen hours. He had settled into the lotus position at five o'clock Monday afternoon-and Bob Chicane had shown up or their regular instruction session at eleven Tuesday morning..Even as this news pleased Junior, it also saddened him. He was not merely interring a lovely wife, but also his first child. He was burying his family.. "Thank you, Nurse Bressler," he said most solemnly, matching her tone, barely able to control the urge to glance at her, smile, and give her another preview of his quick, pink tongue..Astonished and appalled by the cop's insensitivity, Junior said, "You just drop this on me? I lost my wife and my baby. My wife and my baby."..LATE TUESDAY AFTERNOON in Bright Beach, as a darker blue and iridescent tide rolled across the sky, seagulls rowed toward their safe harbors, and on the land below, shadows that had been upright at work all day now stretched out, recumbent, preparing for the night.. "Fifteen fifty-six?" Bill frowned. "Hell, the Chinese probably didn't even have mud back then."..Clearly, she had learned nothing from her reading. No sincere and thoughtful student of Zedd would be as sorely lacking in self-control as Frieda Bliss..Indeed, subconsciously, she had known that Nella was gone since receiving the call at 4:15 this morning. When the old woman had finished what she needed to say, the silence on the line had been eerily perfect, without one crackle of static or electronic murmur, unlike anything Celestina had ever heard on a telephone before..Junior was paying his dinner check and calculating the tip when the pianist launched into "Someone to Watch over Me." Although he'd expected it all evening, he twitched when he recognized the tune..On the counter beside the bathroom sink stood an open box of BandAids in a variety of sizes, a bottle of rubbing alcohol, and a bottle of iodine..He pressed the muzzle of the weapon against the girl's forehead and said, "Naomi, Seraphim, you were exquisite lovers, but you've got to be realistic. There's no way we can have a life together."..He realized that like so many women, Seraphim wanted it, asked for it-yet had no place in her self-image to accommodate the truth that she was sexually aggressive. She wanted to think of herself as shy, demure, virginal, as innocent as a minister's daughter ought to be which meant that to get what she wanted, she required Junior to be a brute. He was happy to oblige..Channeling his beautiful rage, Junior hefted the corpse onto the windowsill, and shoved it headfirst into the alley. The fog received it with what sounded almost like a swallowing noise..Angel, busy with a cookie through most of this, licked crumbs from her lips and asked Paul, "Do you have a puppy?".While Jacob ate, he browsed through a new coffee-table book on

dam disasters. He talked more to himself than to Barty and Angel, as he spot-read the text and looked at pictures. "Oh, my," he would say in sonorous tones. Or sadly, sadly: "Oh, the horror of it." Or with indignation: "Criminal. Criminal that it was built so poorly." Sometimes he clucked his tongue in his cheek or sighed or groaned in commiseration..Throughout this procedure, Barty appeared solemn and thoughtful. When he had squeezed the tenth toe, he stared at it, brow furrowed..And even in her dreams, you're determined to be there for her. There was a boogeyman, I have no doubt you would kick his hairy ass, and he wouldn't come around again, ever. So you just go in this gallery,.Along the hall to his room. Fast and low through the doorframe. Wary of the closet door standing two inches ajar..Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob
