As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from her, and toward the window once more. "I said it didn't work that way, and it doesn't. Yet ... I don't actually walk in those other worlds to avoid the rain, but I sort of walk in the idea of those worlds. . . ." Your deeds ... will return to you, magnified beyond imagining ... the spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve. Considering Junior's actions on his last night in Spruce Hills, eleven months ago, he must be cautious now. Without incriminating himself, pretending ignorance, he hoped to learn if his carefully planned scenario, regarding Victoria's death and Vanadium's sudden disappearance, had convinced the authorities-or whether something had gone wrong that might explain the quarter at the diner. "When you called earlier in the year, to ask for a referral to a private investigator down there, the woman had recently turned up dead and Vanadium was gone, but no one put the two together at first." They had not come to Junior yesterday in their grief, if in fact they had thought to grieve. These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted, and her faith remained with her, too, though diminished and offering less solace than before. In the closet, a limited wardrobe did not fully occupy available rod space. On the floor, shoes were neatly arranged toe-to-heel. On the high marsh-Dragonfly-A description of Earthsea. hands as she had seen surgeons do in movies, and she could almost believe that she was still at home, in bed, in the fevered throes of a terrible dream. In spite of his dumpy appearance-and especially in the dark, where appearances didn't count-Vanadium had the aura of a mystic. Although Junior didn't believe in mystics or in the various unearthly powers they claimed to possess, he knew that mystics who believed in themselves were exceptionally dangerous people. She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know." When pale light came to her eyes again, she heard the paramedic and the cop talking anxiously as they worked on her, but she couldn't understand their words. They seemed to be speaking not just a foreign tongue but an ancient language unheard on earth for a thousand years. JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one-just one-refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza. "It doesn't have to be grand," she said, with a seductive leer, "but if we're going to wait, then the wedding better be soon." As he rose from his chair, Barty began to reacquaint himself with the feeling of all the ways things are, began to bend his mind around the loops and rolls and tucks of reality that he had perceived on the roller coaster that day, and by the time he had followed Angel and Tom to the bottom of the stairs and into the oak-shaded yard behind the house, the day faded into view for him. the beast would find them one day, but she hadn't spoken of that possibility in perhaps two and a half years. Junior had the picture now. Clear as Kodachrome. Victoria was in a relationship, and she had come on to him in the hospital not because she was looking for more action, but because she was a tease. One of those women who thought it was funny to get a man's juices up and then leave him stewing in them. When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now." You ever hear it, Enoch? I'm that someone for you, of course, in a romantic sense. For a while, Junior profited enormously from Tammy's investment advice, and the sex was great. As a thank-you for the hefty trading commissions she earned-and not incidentally for all the orgasms-Tammy gave him a Rolex. He didn't mind her four cats, didn't even care when the four grew to six, then to eight. He turned from the cowering girl and studied the boy, who stood a few steps inside the room, holding a can of soda in each hand. The artificial eyes were convincing, but they didn't possess the knowing look that so troubled him in the strange girl. From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators. By the time all the details of mortuary and cemetery services were settled, Walter Panglo had a nervous tic in his left cheek. His eyes were open wide, as if he'd been so startled that his lids froze in a position of ascension, locked by a spasm of surprise. His hands must have grown clammy; he blotted them repeatedly on his suit. Dinner arrived, and Tom persuaded Celestina and Grace to come to the table for Angel's sake, even if they had no appetite. After so much chaos and confusion, the child needed stability and routine wherever they could be provided. Nothing brought a sense of order and normality to a disordered and distressing day more surely than the gathering of family and friends around a dinner table. Barty, at the head of the table, sensed Mary's approach only as she was about to touch him. She put a hand on his arm and said, "Daddy, will you turn your chair away from the table and let me sit on your lap?"
